

Muscle EzzeTM

ADVANCED

V40

Now with advanced MEV40TM blend
for Relaxation & Calmness to Muscles^{**}

As a nation struggling with chronic stress and anxiety, most of us can use relief from tension, sore muscles and for a restful night of sleep. Herbal supplementation does not have the addictive effects of many prescription muscle relaxants and sleep aids.

Natural Muscle Ezze Advanced V40TM offers a unique proprietary blend of herbs, calcium and magnesium all designed to help reduce the negative effects of stress, anxiety, muscle spasms, and cramps.

Natural Muscle Ezze Advanced V40TM was also designed to help support, regulate and calm the central nervous system, support muscle relaxation, and help provide a more restful night of sleep. The calming effect combined with a good night's sleep, which helps promote a reduction in physical fatigue, helps produce an overall sense of well being and gives us the ability to face the next day with more calmness and energy.
