ADVANCED TRACT-900

*Supports COMPLETE Digestive Tract\*\**  
*Alleviates Gas & Bloating\*\**  
*Advanced Stomach Health\*\**

**With 100% Plant Enzymes  
 Acidophilus and Papain Enhanced**

*GI-Digestive Advanced Tract-900™ offers an unmatched combination of select herbs and enzymes to support complete digestive, gastrointestinal (GI) tract health and wellness. Our Advanced Complex Blend provides the necessary ingredients for soothing and balancing the digestive process to help your body function as it was intended. Acidophilus has a long history of use in intestinal health to help restore a balance of "good" bacteria, which is necessary for proper functioning of the intestinal tract. Papain, Bromelain and the other digestive enzymes are designed to break down various food and aid in digesting the nutrients from them, which may lead to less eating and better health. We have also added alkaline enzymes to help raise the PH balance to help provide the proper alkaline base to your GI system. You will find this product useful in the treatment of Indigestion, Candida, Heartburn, Acid Reflux, Irritable Bowel Syndrome and other digestive/gastrointestinal disorders.*

Supplement Facts		
Serving Size 2 Capsules		
Servings per Container 50		
	Amount Per Serving	% Daily Value
